April 10, 2025

Prevent the Aftermath, Inc. (PTA) would like to thank our biggest contributors to date, The Ward and Brenda Morgan Community Grant Foundation for their generous \$5,000 donation!

With this contribution, PTA will be able to establish partnerships with IT experts to maintain website and online assessment tool development, as well as cover operational costs such as advanced assessment training (for assessment tool development).

Because of their confidence and belief in our mission, we want to encourage people to support the Ward and Brenda Morgan Community Grant Foundation: they are dedicated to improving the lives of communities everywhere!

Sincerely,

Brian R. Peete
Executive Director, Prevent the Aftermath, Inc.
